## ANALYSIS

The site plan illustrates a 13,107 square-foot building in the south portion of the 0.99-acre site. The previously approved Site Development Plan Review (SDR-6140) indicated that the cosmetology school would have 10,725 square feet and a parking requirement of 30 spaces, while the remaining 2,382 square feet of floor area would be used as office space and generate a parking requirement of eight spaces. Combined, the cosmetology school and office space had a parking requirement of 38 spaces, which was met by the 40 on-site spaces. The applicant now proposes to convert approximately half of the office space (1,190 square feet) to a restaurant. Per Title 19, a restaurant with less than 2,000 square feet is required to receive approval of a Special Use Permit when proposed for the C-PB (Planned Business Park) zoning district.

Additionally, when combined with the existing school and office, this new use creates a parking requirement of 48 spaces, which is not met by the 40 on-site spaces and has led the applicant to request a related parking variance (VAR-18299) to allow a 17 % reduction in required parking.

Parking for the development is shown along the north and west sides of the property. Access is provided by Stella Lake Street.

## FINDINGS

The following findings must be made for a Special Use Permit:

1. "The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan."
2. "The subject site is physically suitable for the type and intensity of land use proposed."
3. "Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use."
4. "Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan."

**In regard to "1":** The use is not compatible with the area because of the shortage of planned parking.

**In regard to "2":** The subject site is not large enough for the proposed uses and necessary parking.

**In regard to "3":** The site will have access to Stella Lake Street. This street is adequate to serve the proposed uses. The site access and on-site circulation will not negatively impact adjacent roadways or neighborhood traffic.

**In regard to “4”:** The proposed use will be subject to inspection by the City and will not compromise the health safety and welfare of the general public.

**PLANNING COMMISSION ACTION**

The Planning Commission considered limiting the hours to 7:00 a.m. to 3:00 p.m. Monday through Saturday.
